

BEFORE THE
FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON, DC

In the Matter of

Amendment of Section 73.202(b))
Table of Allotments) MM Docket No. 97-243
FM Broadcast Stations) RM - 9194
(Belzoni and Tchula, Mississippi))

To: Chief, Allocations Branch
Policy and Rules Division
Mass Media Bureau

SUPPLEMENTAL COMMENTS

Team Broadcasting Company, Inc. ("Team"), permittee of Station WGNG(FM), by its counsel, hereby submits a Supplement to its comments of February 2, 1998 in response to a request from Commission staff to demonstrate that the loss area, resulting from a change in the authorized permit site, will continue to be served by at least five aural services. As shown in Exhibit 1 to the attached Engineering Statement of Bromo Communications, Inc., the loss area is relatively small with no communities shown on the map. The Engineering Statement shows that nearly all of the loss area is served by at least five aural services. See Exhibit 2.

Therefore, in view of the proposed first local service that would be provided to Tchula, Mississippi, Team Broadcasting Company, Inc. urges the Commission to grant the pending rule making proposal.

Respectfully submitted,

TEAM BROADCASTING COMPANY, INC.

RM 9194

**To Add 292 C3 to
Tchula, Mississippi**

August 1998

This Technical Exhibit is in support of Rulemaking 9194 to add 292 C3 to Tchula, Mississippi proposed by Team Broadcasting Co., Inc. These exhibits are in reply to questions asked by the Commission's staff.

Exhibit #1 is a comparison of the 60 dBu areas of WGNG (CP), Belzoni, Mississippi and the proposed 292 C3 at Tchula, Mississippi. Exhibit #1 shows a slight loss area and a rather large gain area. There are no major population centers in the loss area.

Three stations serve 100% of the loss area. They are:

1. WDMS (FM), Greenville, Mississippi
2. WBAQ (FM), Greenville, Mississippi
3. WMYX (FM), Greenwood, Mississippi

Other area stations serve portions of the loss area. They are:

4. WELZ (AM), Belzoni, Mississippi
5. WDDT (AM), Greenville, Mississippi
6. WGVM (AM), Greenville, Mississippi
7. WDTL (FM), Cleveland, Mississippi
8. WNLA (AM), Indianola, Mississippi
9. WTCD (FM), Indianola, Mississippi
10. WNLA (FM), Indianola, Mississippi

In analyzing coverage of the loss area by the above stations no portion of the loss area is served by less than four stations. Most of the area is served by five or more stations.

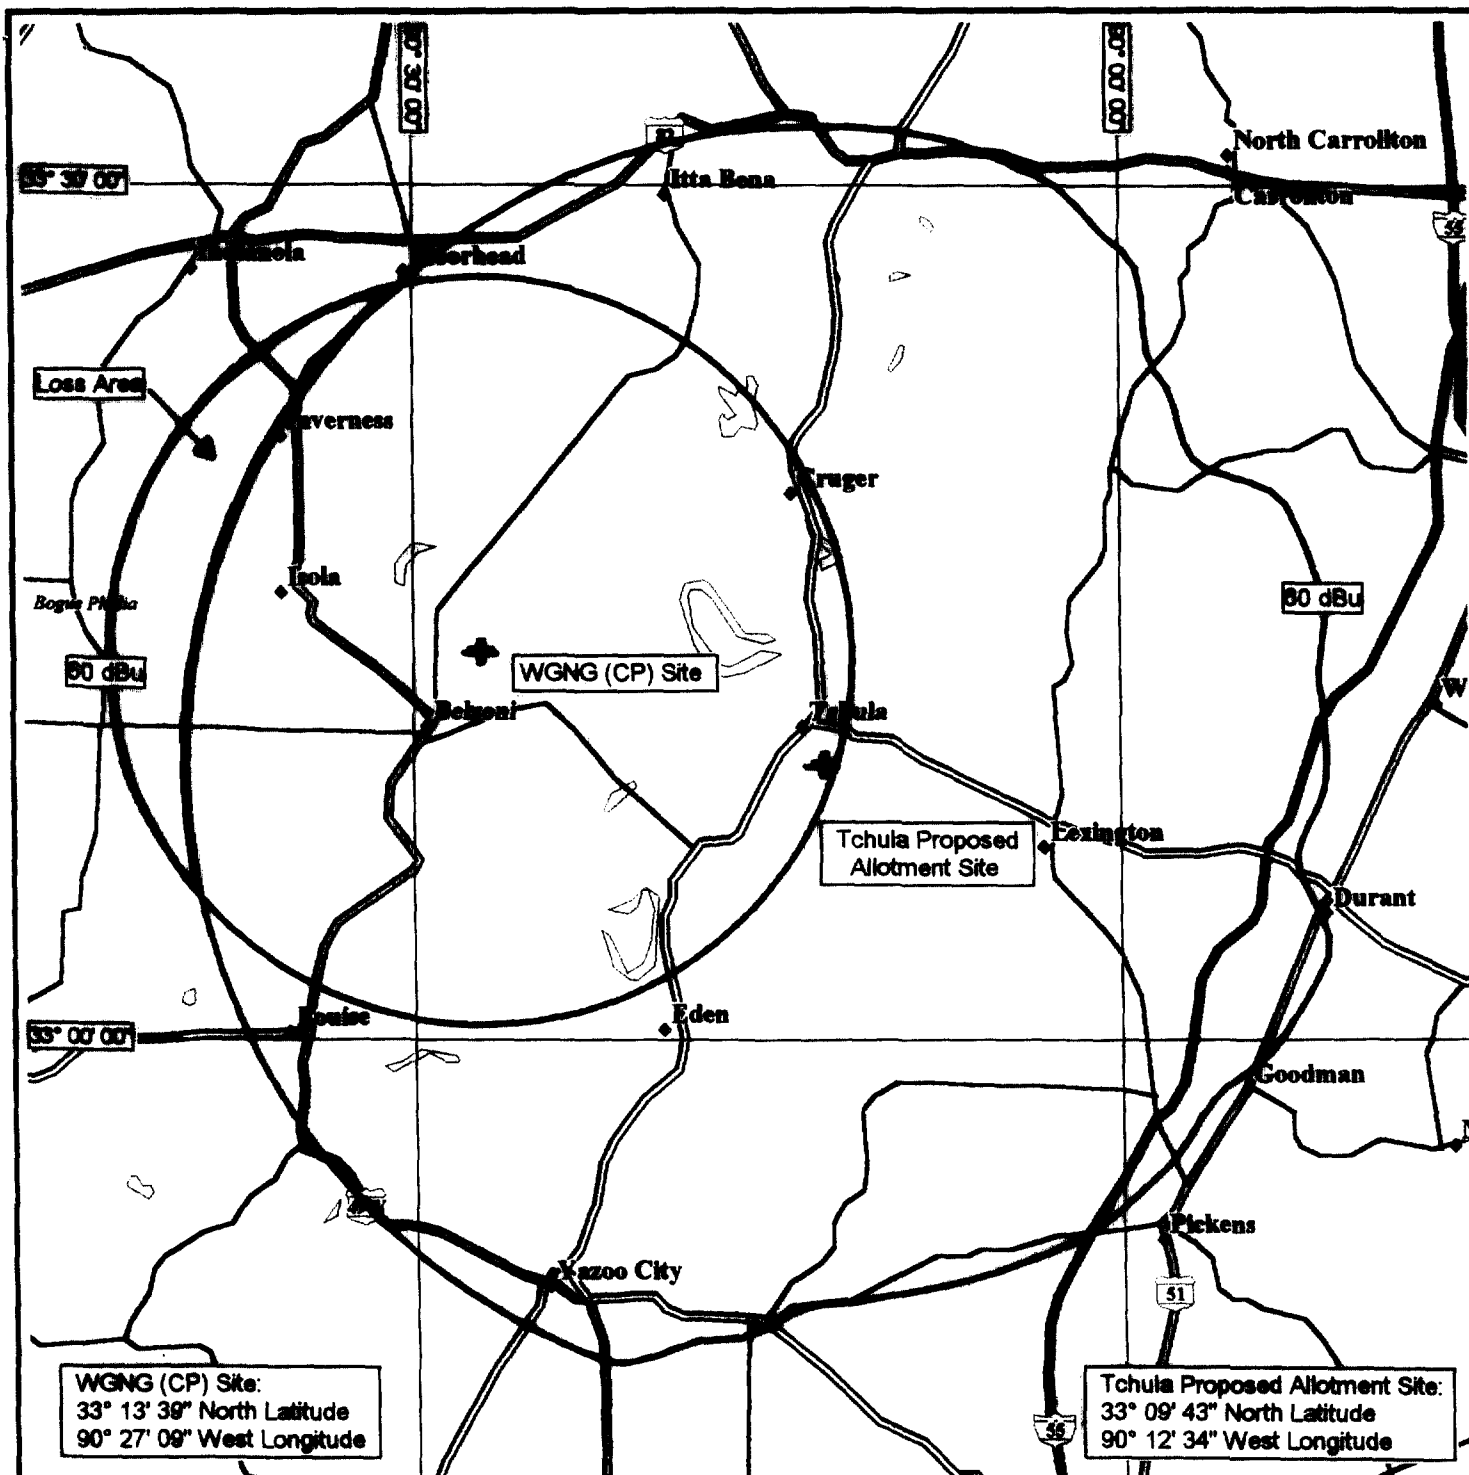

All FM contours shown herein are 1.0 mV/m (60 dBu) and all AM contours are 2.0 mV/m.

All information contained herein is thought to be accurate to the knowledge of the undersigned.
